

## Product information:

---

The TR3xxx offers a range of line transformers with a power ranging from 30 Watt up to 480 Watt. There are different taps available for 50V, 70V and 100V lines, and the low impedance side is selectable between 2 Ohm, 4 Ohm and 8 Ohm.

## System specifications:

---

Peak power handling	120 W
Program power handling	60 W
Connectors	20 cm cable

## Product Features:

---

Dimensions	85 x 60 x 85 mm (W x H x D)
Weight	1.270 kg
Construction	Copper
