

Product information:

The TR3xxx offers a range of line transformers with a power ranging from 30 Watt up to 480 Watt. There are different taps available for 50V, 70V and 100V lines and the low impedance side is selectable between 2 Ohm, 4 Ohm and 8 Ohm.

System specifications:

Program power handling	480 W
Connectors	20 cm cable

Product Features:

Dimensions	170 x 65 x 170 mm (W x H x D)	
Weight	7.020 kg	
Construction	Copper	
Accessories	Included	Mounting bolt, nut and washer
